

## Nickel Sulfate

**NiSO<sub>4</sub>**

**CNS-700**

CNS-700 nickel sulfate is emerald green with granular crystals, produced from carbonyl nickel powder. Carbonyl nickel powder with the highest purity is produced using CVMR's proprietary carbonyl technology.

CNS-700 is ideal for electroplating, battery materials and catalysts, etc.

### [ Chemical Composition ]

#### Representative wt%

Nickel	≥ 21.3
Copper	≤ 0.002
Iron	≤ 0.003
Zinc	≤ 0.004
Lead	≤ 0.002
Water insoluble	≤ 0.05
NO3	≤ 0.01

### [ Packaging ]

**Product weight (kg)**

25
